ON HANDTM

Store. Organize. Create.

Redefine the value of an interior door.

ODL introduces ON HAND™, a game-changing innovation that opens up a revenue stream never before possible. With ON HAND, you have a new opportunity to earn a share of the growing \$7.4 billion storage and organization market.

ON HAND is a built-in storage and customizable communication system that offers convenient and flexible storage on one side of an interior door and decor and communication on the other.

Store

Organize

Create... and Communicate

MAGNETIC CHALK BOARD

How it works

The ON HAND master kit includes everything to start storing, organizing, and creating. As needs change or are refined, users can also purchase additional accessory components.

The ON HAND master kit includes: Cabinet Cabinet Backer Frame Glass Marker Board Activity Panel Deco Board 5 Shelves 1 Support Bar 3 Hooks Aftermarket Accessories: Magnetic Chalkboard Activity Panel

Support Bar with Hooks

Shelf

Hooks (3 per package)

Deco Boards (3 per package)

Additional Glass Marker Board Activity Panel

Installation and Use Information

Door Sizes and Considerations:

ON HAND installs in any 1 3/8" thick flush, side-hinged, solid-core door that is a minimum 28" wide and 55" high.

A specially reinforced hollow core door can support ON HAND, as well. Reinforcement specifications are available from ODL.

Lever handles are not compatible on the cabinet side of 28" and 30" doors.

Use and Materials:

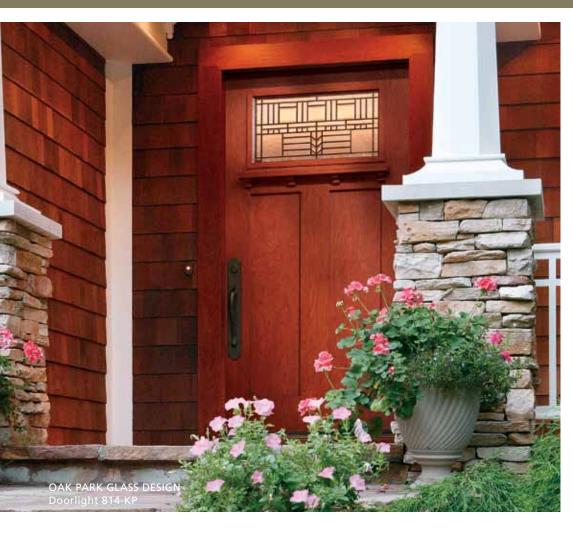

The ON HAND unit weighs 19 lbs. The overall unit can support up to 50 lbs.

ON HAND leverages ODL's innovative TriSys® clip system. It hides fasteners from view for a clean, finished look and also makes removal and reattachment of the activity panel easy.

CRAFTSMAN

Simple designs inspired by nature.

Craftsman, Prairie, Arts & Crafts, Bungalow, Mission

Simple designs inspired by nature are the hallmarks of the Craftsman style. These beautiful geometric designs cast intricate patterns of sunlight into the interior spaces of your home. Handcrafted glass honors the Craftsman reverence for fine material with caming options that blend beautifully with finishes inside and outside the home. Optional screw hole covers for the Craftsman frame include both pyramid and domed designs.

Light Control System

CONTEMPORARY

A flair for the sculptural.

Modern, Urban Loft, Contemporary, Minimalist

If you're a fan of modern sophistication, our Contemporary designs are for you. Bold, sweeping forms. Beautiful geometric lines. These designs create sleek, modern statements in decorative doorglass. They share your flair for a more streamlined contemporary style. And they live the mantra that "less is more" right at your door.

Light Control System

Two sliding panels of perforated aluminum provide users with a simple way to control privacy and light levels in a highly designed, fully assembled doorglass system.

Unlike anything on the market today, the innovative sliding slot pattern gives users control over the amount of light and privacy they desire. With a turn of a knob, the panels move from open to closed, and anywhere in between. A simple, intuitive design that brings dynamic levels of light and privacy into the home.

REDUCES FABRIC FADING

REDUCE SOLAR HEAT GAIN AND HEAT LOSS

REDUCES CONDENSATION

ENERGY SAVING

A green home doesn't have to compromise beauty or natural light.

Available as a clear doorglass option, and used with our doorglass blinds, Low-E glass is made with an invisible thin metallic coating that blocks heat flow, helpig to reduce air conditioning costs in the summer and reduce heat loss during the winter.

RAISE, LOWER & TILT

ODL glass can be used in doors to meet ENERGY STAR® criteria.

Blinds lower neatly within full privacy channels to eliminate light gaps. Uniform color in components provides a clean aesthetic look.

- Blinds adjust for complete light block, and the privacy channels on each side eliminate light gaps when the blinds are closed—no street light shadows or sunlight glare.
- More privacy at night and increased sense of security.
- Ergonomic design principles place fingertip control within easy reach.

20 Year Glass Seal Warranty

A single operator controls the raise, lower & tilt for optimal light control.

Your door. Our glass.

With your preferred door system and ODL Doorglass, you and your customers have a CHOICE in selecting the entry system that best fits a variety of wants and needs. ODL's CHOICE products, when installed into a certified entry door system, will meet Zone A, B, C, or D requirements.

CHOICE solutions are available in 1/4, 1/2, 3/4 or full lights. Decorative glass designs are available in select patterns. Contact your ODL Sales Representative or ODL Customer Service for details on the products available in the CHOICE program that will meet the zone requiremets for your door.

ODL® CHOICE

Energy Star solutions around the home.

ODL's ENERGY STAR® Compliant Doorglass Program

It's great to have a CHOICE when it comes to selecting an ENERGY STAR® certified entry system. ODL offers doorlights and sidelights that provide the energy efficiency you seek, with the performance, quality and selection you have come to expect from ODL.

CUSTOMIZE

Don't see what you're looking for?

Talk to your ODL sales representative to find out more about our custom design capabilities. We can customize just about any aspect of our designs—size, shape, glass color, texture, caming, and more.

Texture & Privacy

Love a design, but wish if offered more privacy? No trouble; just let us know. We can swap out glass textures to make almost any design more opaque or transparent.

Shape & Size

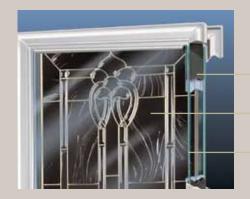

Can't find the transom shape you have in mind? Need a size that doesn't come standard? Tell us what you need and we'll design just about any custom size or shape you need.

Design & Pattern

Alter one of our doorglass designs or create one that's completely your own. We're happy to look at your ideas and find ways to bring them to life in doorglass.

Caming & Finish

Need a caming finish that isn't offered in the design you selected? Our custom program lets you choose the caming finish that coordinates with your door hardware, fixtures, or furnishing—even when it doesn't come standard.

Thermally Sealed to Save Energy

Decorative Doorglass

Clear Tempered Safety Glass

DECORATIVE DOORGLASS

ODL Decorative Doorglass is sealed between two panels of tempered safety glass and is insulated for air- and water-tight performance.

GLASS TEXTURES AND PRIVACY

Our designs use handcrafted glass in a variety of textures to create dimension, depth, contrast, and privacy while allowing natural light to enter the home. The beauty of handcrafted glass is that every piece is different—slight bubbles, lines, and surface imperfections are all unique characteristics of handcrafted glass.

CAMING Caming finishes let you coordinate your doorglass with door hardware, light fixtures or interior finishings.

IRON

NICKEL VEIN WROUGHT IRON

RUBBED

C LOW-E DOORGLASS

Available as a clear doorglass option, Low-E glass is made with an invisible thin metallic coating that blocks heat flow.

A proven energy saver, Low-E glass reduces air conditioning costs by reducing solar transmissions in the summer. In the winter, it reduces heat loss to the outside and allows solar energy to pass inside. Available in Severe Weather®, Blinds, Grilles Between Glass, and Clear Doorglass. See www.odl.com for specific thermal performance information.

ODL glass can be used in doors to meet ENERGY STAR® criteria.

- Allows solar energy in
- Reduces as much as 71% of heat loss
- Reduces drafts and cold spots

- Reduces direct sun rays
- Reduces cooling loss
- Blocks re-radiated solar heat
- Filters UV rays

REDUCES FABRIC FADING

Low-E glass protects fabrics, carpets and all coverings from fading by blocking up to 61% of harmful ultra-violet rays.

REDUCE SOLAR HEAT GAIN

In cold weather, Low-E glass stays warm on the inside, minimizing cold spots and convection currents.

REDUCES CONDENSATION

Cold glass and warm, moist indoor air can cause damaging condensation.

Low-E glass keeps glass warmer, reducing condensation.

FRAME

EVOLVE™ quality, performance and expectations.

Industry Leading Design & Performance

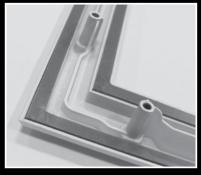

- Engineered to correct problematic scallop and corner flare
- Creates a smooth, even appearance against the door skin

Precision applied foam tape.

Auto-aligning screw hole plugs.

Full rib integrated with screw boss for enhanced strength.

ONE SYSTEM. THREE FRAMES. ONE SOLUTION.

Concealed Screws

- Clean design on both outer and cover frames
- Cover frame snaps securely to the inner frame using innovative clip system
- Saves time and labor in assembly

Painting & Staining

- The outer and cover frames feature FiberMate®, an exclusive material formulation from ODL
- Requires no prep, no adhesion promoter, and no special primers
- Achieves the highest rating of 5 during cross hatch adhesion testing (ASTM D3359-02)

Material Performance

- Designed and tested to withstand extreme temperatures, safe for storm door applications
- Use with dark finishes without risk of deformation
- Optimized rib structure improves frame stiffness and design pressure performance

PVC doorglass Frame Clean, Simple, Precise Frame Design

- Smooth, non-textured finish
 - Maintenance-free white frame will not yellow and does not require painting
 - Scuff-resistant capstock finish adds increased durability
- Precision-crafted corners improve strength and appearance
- Press-fit cover strip covers screw holes for a clean aesthetic
- Specially designed dual-fin seal on both inner and outer frame

Frame Styles

Profiled screw covers.

Rigid construction Universal stipple finish Foam tape gasket

Concealed attachments for a seamless frame profile.

Precision corners

Includes both Pyramid and Domed covers.

Frame Materials

ODL offers several frame material options and a variety of different frame styles to choose from.

FIBERPRO®

Oak. Designed for painting or staining.

FIBERMATE® White, Oak, Mahogany. Premium frame for painting or staining.

Quality You Can Trust

Warranty

ODL products are covered by separate limited warranties. The warranty does not apply to damage from shipping, handling, installation, storage, environmental conditions, or unusual service conditions or usage. For warranty information contact:

ODL Customer Service 215 East Roosevelt Avenue Zeeland, Michigan 49464 USA www.odl.com

Additional Products from ODL

TUBULAR SKYLIGHTS & SOLAR-POWERED DIMMER

- Patented dome optics capture sunlight
- Tube reflects 95% of available sunlight
- Low profile ceiling diffuser spreads natural sunlight evenly
- ENERGY STAR® qualified

ADD-ON BLINDS

- Provides privacy and light control
- Enclosed in tempered safety glass
 - No dusting, eliminates swinging blinds, no exposed cords, child/pet safe
- Installs easily over existing door

RETRACTABLE SCREENS

- Screen retracts fully into housing when not in use, blending seamlessly into existing doors and frames
- Rugged weather-stripping helps keep dirt and insects out
- Quiet and easy to operate
